

JOB Description

UX/UI designer – Lausanne

Who We Are

Based in Lausanne, METACO is the leading provider of security-critical infrastructure enabling financial institutions to enter the digital asset ecosystem. Trusted by top banks, exchanges and infrastructure providers globally, we strive to deliver best-in-class products and services that help our clients achieve customer and business success.

At METACO, we lay the foundations to transform the financial services industry by building the digital asset infrastructure that will revolutionize finance for generations to come.

We are looking for an experienced **Ux/UI Designer** to join our team in Lausanne, Switzerland. As a member of our team, you would be contributing to the development of our platform, a digital asset management solution for banks. Working closely with blockchain experts, software engineers and hardware manufacturers, your contribution would have a direct impact on the evolution of the cryptocurrency/fintech industry as we know it today.

AS A UX-UI DESIGNER YOU KNOW

- Work in complete autonomy, be in a lead posture while remaining attentive to users and customer contacts,
- **Argue and speak up to defend your convictions,**
- Create graphic identities, define a graphic charter or interpret an existing graphic charter.
- **Decline the digital graphic charter through a thoughtful device,**
- **Prepare and lead co-design workshops with clients** and/or users: personas workshops, user paths, card sorting, wireframe or graphic co-design workshops,
- Define appropriate methodologies for pre-sales projects and establish UX and UI costings,
- **Know and use the Figma design tool to perfection,** and others such as Sketch, Adobe XD, InVision (and/or other prototyping tools), authoring tools (Adobe suite) and collaborative tools (JIRA, Miro ...),
- Manage your time and deliverables.

TASKS

1. User Experience Design

- Design and production of mock-ups on digital media (desktop, mobile, and other digital media)
- Definition of the information architecture
- Creation of wireframe, zoning and graphic template

- Define and realize new screens and functionalities as the projects progress
- Convincing of the ergonomic choices
- Mastering the different graphic resolutions

2. User Interface design & Création

- Adaptation of graphic charter visual identity or creation of new visual identities
- Creation, production and variation of graphic elements
- Animation of models (Invision, Justinmind, **FIGMA**, Sketch) and advanced prototyping
- Creation of animations in motion design
- Video editing based on elements created by the designer
- Convincing of one's artistic choices

3. Audits, recommendations and monitoring (R&D)

- Performing benchmarks, audits and recommendations.
- Carry out a constant watch (webdesign trends, technological, tools, software, etc...).

PERSONAL SKILLS

1- Synthesis spirit

- Excellent overview
- Solution oriented, ability to accept and integrate feedbacks
- Relational skills and team spirit

2- Relational skills (towards the client and internally)

- Oral skills (presentation techniques)
- Excellent team spirit and ease of working in a team
- Creativity

3- Creativity and strong creative bias

- Open-mindedness
- Soft skills

Passionate about cryptocurrency, web 3.0, DeFi environments, you are creative, constantly monitoring new UX trends. You are dynamic, rigorous and enjoy working in a team. You are also recognized for your interpersonal skills, your ability to communicate your ideas and justify your choices.

REQUIRED PROFIL

Only applications meeting the following criteria will be considered:

- 5 years of experience in a similar position, experience in an agency is a plus
- Several projects completed in the digital and/or branding field
- A representative portfolio of your creations
- Perfect command of French and excellent command of English (written and spoken).

Why METACO SA

We are a dynamic and fast-growing company, working together to tackle the most challenging problems at the intersection of distributed systems, cryptography, and finance. We provide an entrepreneurial culture, where merit, contribution and teamwork are rewarded. Our team is important to us, and we work hard to support both the personal and professional development of team members in a comfortable office environment (virus-permitting) and team-oriented atmosphere.

We understand that maintaining a good work-life balance is crucial to a healthy and happy workplace, that is why we provide flexible working policies for employees to fit their individual needs. Join us to make your mark on the transformation of the financial services industry.
