

JOB Description

Crypto Expert – Lausanne in Switzerland

Who We Are

Based in Lausanne, METACO is the leading provider of security-critical infrastructure enabling financial institutions to enter the digital asset ecosystem. Trusted by top banks, exchanges and infrastructure providers globally, we strive to deliver best-in-class products and services that help our clients achieve customer and business success.

At METACO, we lay the foundations to transform the financial services industry by building the digital asset infrastructure that will revolutionize finance for generations to come.

We are looking for an experienced **Crypto Expert** to join our team in Lausanne, Switzerland. As a member of our team, you would be contributing to the development of our platform, a digital asset management solution for banks. Working closely with blockchain experts, software engineers and hardware manufacturers, your contribution would have a direct impact on the evolution of the cryptocurrency/fintech industry as we know it today.

WHAT YOU WILL DO

The requests you will receive will be highly variable and require **deep knowledge about the crypto ecosystem**. They can be about **complex transaction issues, staking issues, derivation path issues, private key issues, and a host of other technical topics relating to Metaco ecosystem** surrounding it. Your job will be to solve the “hard” problems, those whose answers can be highly technical.

RESPONSABILITIES & DUTIES

- **Monitor blockchain protocol evolution and major updates,**
- Conducting technical analyses of **crypto protocols and projects,**
- Conducting **technical audits** (smart contracts, blockchain solutions),
- Participation in **project scoping** (architecture design),
- Participation in pre-sales client meetings with our business developers.

WHAT YOU WILL NEED

QUALIFICATIONS & SKILLS

- Strong experience **in cryptocurrencies and/or blockchain environments** is a must,
- You have a knack for **explaining complex technical subjects** in a way that anyone can understand,
- Must have a **“Customer First” attitude,**
- Fluent in English,
- Ability **to learn about hardware & software products** and aptitude for **troubleshooting technical issues.**

Why METACO SA

We are a dynamic and fast-growing company, working together to tackle the most challenging problems at the intersection of distributed systems, cryptography, and finance. We provide an entrepreneurial culture, where merit, contribution and teamwork are rewarded. Our team is important to us, and we work hard to support both the personal and professional development of team members in a comfortable office environment (virus-permitting) and team-oriented atmosphere.

We understand that maintaining a good work-life balance is crucial to a healthy and happy workplace, that is why we provide flexible working policies for employees to fit their individual needs. Join us to make your mark on the transformation of the financial services industry.

Interested so far? Here's **how the hiring process will look like**:

- 15 min video call with our Talent Acquisition team,
- 30 min video call with our VP Engineering,
- 60-90 min visit at Lausanne where you will meet the team.
